Institute/School : Graduate Institute of Long-Term Care

Course/Topic : Introduction of Long-Term Care

Format : Essay Question

No. of Question Sets : Any 5 of the Given 6 Question Sets

Allocation of Score/Points : 20 Points for Each Question Set

The following are several sets of description / situation / preface / question. They are some niches in the field of Long-Term Care. Based on your specific knowledge, skill, or experience, please respond to five questions in English or in Chinese / Mandarin as best as you can. If you respond to all 6 question sets, we will only choose the better 5 of them.

1. What are the ideal operating definitions of Long-Term Care (LTC) in Taiwan?
Briefly discuss the most practical choice among them.
2. The delivery of Long-Term Care (LTC) involves multiple-disciplinary professionals. Please discuss the roles for each professional and the ways in which they work together smoothly.
3. Please list the representative or indicative plan(s) or program(s) (programmes) related to Long-Term Care (LTC) and briefly discuss some of them.
4. Please discuss the options you feel the most appropriate for developing community-based Long-Term Care (LTC) services in Taiwan. Before doing that, please provide some pictures about their current state of provision.
5. Briefly discuss the chance or possibility to launch Long-Term Care (LTC) Insurance Program in our country.
6. The first step to plan care deliveries involves need assessment. Please describe the way in which you, as a case manager in a Long-Term Care (LTC) facility or institution, conduct need assessment.
