

本試題共五題，每題 20 分，共計 100 分，請依題號作答，並將答案寫在答案卷上，違者不予計分。

Discuss the following statements. In terms of English teaching and learning, what does each of the following statements mean to you? What is your interpretation of each statement? Please discuss each statement respectively based on theoretical framework and/or empirical studies. (20% each)

1. People with high IQs are good language learners.
2. The most important predictor of success in second language acquisition is motivation.
3. Most of the mistakes that second language learners make are due to interference from their first language.
4. Students learn what they are taught.
5. When learners are allowed to interact freely (e.g., in group or pair activities), they learn each others' mistakes.
