## C. Please choose the best answer from the box below to fill the blanks and complete the passage. (2 % each question)

When I tell people that I 46 working for the company after only a year, most of them think I'm crazy. They can't understand why I want to give up a 47 and secure job. But I think I'd have been crazy to stay, and I'll try to explain why.

I started working for the company immediately after graduating from university. It's a big, well-known trading company with about 6,000 48 all over the world. There's a lot of 49 to get into this and other similar companies, which promise young people a wealthy and successful future. I was set on 50 to be a Japanese "yuppie."
